

An Acer tree in West hill

by Elena carpenter year 2

I like the Acer tree because it is not too big not too small. It has red, orange and green leaves. It has unusual shaped ~~tree~~ leaves. It has lots of thin branches. Trees are important because help us breathe.

The Acer tree is native to Japan. It will lose its leaves in ~~an~~ autumn.

Trees are homes for
owls and squirrels.
A little robbin loves
our Acer tree.
